PROJECTS

Gnizzel. This is a dental platform where you can create your booking with your favorite dentists, avail deals with them, and even leave reviews. If you want an instant booking, you can do that too, and occasionally, you can also grab some deals. This project is live in the UK and has a large customer base.[\(Try it here\)](#)

Personal Portfolio. Here is my personal portfolio that I have built using React, HTML, CSS, and pure JavaScript, and deployed it on Netlify. You can see it below[\(Try it here\)](#)

Hello PTO This is basically a parent-teacher organization that connects parents and teachers, and it's a MERN stack application.[\(Try it here\)](#)

EXTRA-CURRICULAR ACTIVITIES

- **Open Source Contributions:** Contributing to open-source projects is a great way to improve your coding skills, work with experienced developers, and give back to the community.
- **Physical Activities:** Engaging in physical activities like sports or exercise can help maintain a healthy work-life balance and improve overall well-being.
